

AS COMMUNITY-BASED ACTORS AT COALITION PLUS, WE DEMAND:

✓ The recognition and integration of community-based screening in public health policies

🔔 An effective worldwide access to prevention and screening tools

i A recommendation from the WHO on the implementation of hepatitis C (HCV) self-testing

💧 A screening service for HIV, HCV, other sexually transmitted infections, cancers (cervical and anal), etc., that is accessible to everyone

⚠️ An active fight against stigma & discrimination that prevent key populations from accessing care

👤 The active involvement of civil society actors in Covid-19 screening policies

INTERNATIONAL
TESTING
